没有甜食就活不下去
为了少吃而感到压力山大

久坐的生活方式

Sedentary Lifestyle

Sitting in front of a screen all day.
No time to exercise,
Broken metabolism.

整天坐在屏幕前
没时间运动，新陈代谢紊乱

胰岛素抗性

Insulin Resistant

Overweight, unusually difficult to
lose weight. Hormone imbalance
and at risk of having
high blood sugar levels.

超重，减重异常困难
激素失衡，并有高血糖风险

安全第一

Safety First

Bad experiences with weight-loss
pills. Afraid of palpitations, dizziness,
and brain fog and also afraid of
looking haggard and it affecting
work.

对减肥药有不良经历 害怕心悸、头晕和脑雾
也害怕面容憔悴，影响工作

White Mulberry Leaf Extract, licensed from England, has important substances similar in structure to sugar. **Helps inhibit enzyme activity ALPHA-GLUCOSIDASE**
英国授权白桑叶提取物，含有结构类似糖的重要物质，有助于抑制α-葡萄糖苷酶活性

Helps control blood sugar levels by 2 mechanisms: inhibiting enzymes Alpha-glucosidase and inhibits Intestinal glucose transport
通过两种机制帮助控制血糖水平：抑制α-葡萄糖苷酶，并抑制肠道葡萄糖运输

Changing High GI meals to Low GI helps keep blood sugar levels stable throughout the day.
将高升糖指数 (GI) 餐转为低GI餐，有助于全天保持血糖稳定

It has a continuous effect on controlling blood sugar levels. Take only 1 dose and see results in 2 meals.
对血糖控制有持续作用。只需服用一次剂量，2餐即可看到效果

Control sugar levels and insulin up to 40%, the highest among starch and sugar blocking dietary supplements
控制血糖水平和胰岛素高达40%，在淀粉和糖类阻断膳食补充剂中效果最显著

L-Phenylalanine Amino acids that help signal natural satiety. Reduce fussy eating behavior
L-苯丙氨酸氨基酸，帮助发出自然饱腹信号，减少挑食行为

Cactus extract helps you feel full longer and traps fat from food. Stimulate metabolism & break down fat (Fat Burn & Metabolism)

仙人掌提取物，帮助延长饱腹感并锁住食物脂肪，刺激代谢并分解脂肪 (燃脂与代谢)

Onion Extract (Quercetin): 洋葱提取物 (槲皮素)

Combining innovation and encapsulation Nanosheath increases the absorption of important substances. Helps multiply the efficiency of EGCG in green tea, accelerating fat burning to its full potential.
通过创新微囊包裹技术，提高关键成分吸收，增强绿茶EGCG功效，加速脂肪燃烧至最大效能

Green Tea Extract increases the metabolic rate during the day. Even during the slightest movement
绿茶提取物，可在白天提高代谢率，即使轻微活动也有效

Citrus Aurantium L. Extract Helps pull out old accumulated fat to burn and helps. Cholesterol decreased

橙皮提取物，有助于分解体内陈积脂肪并燃烧，同时降低胆固醇

It is recommended to drink **1 sachet per day** 建议每天饮用 1包 with 200 ml of water 15 minutes before meals 用 200毫升水，在餐前 15分钟 饮用 1 sachet can cover 2 meals (recommended for lunch). 1包可覆盖2餐 (建议午餐使用)
